Hemming requires 4cm from each side of the item

Removing Angles reduces length by approximately 40cm

Conversions Service

Terms and Conditions

1.	All form details must be completed fully by the customer
2.	If you are sending a used item, please ensure that it has been freshly washed and ironed
3.	Measurements must be taken in accordance with the guidelines on the form, and recorded in metres and centimetres
4.	Measurement details will be checked once your item arrives here and you will be contacted if we find a differing result from yours - this may mean we are unable to process the conversion in the way you have requested. If this situation arises, we will discuss possible options with you. If you prefer to have the item returned to you at this stage, you will be responsible for postage costs
5.	Once Oscha has confirmed that we are able to process the conversion, you will receive a PayPal invoice. We will begin the process of conversion once the invoice is paid and as soon as we receive your item
6.	Once we have received your item for conversion and your invoice payment has been confirmed, we will contact you to let you know when we expect your converted items to be finished and ready to ship (usually 3 working days from receipt of payment, though this period may be extended during unexpectedly busy times - we will always contact you to let you know)
7.	If your item is damaged in any way and we need to avoid the area please inform us.
8.	Ensure there are no damaged spots in the specific area of fabric intended for conversion to a wrap or ring sling. We will be unable to make a sling from damaged fabric for safety reasons.
9.	If these conditions are not met for any reason we will contact you to discuss options, and if you wish for your item to be returned, without any conversion taking place then you are responsible for return postage costs
10.	Submission of the Conversion Service form indicates that you agree to the terms and conditions of Oscha's Conversion Service
